Rob Davies, CEO, Weyburn Inland Terminal Ltd.

"Golden Opportunities Fund has supported our management team in past ventures through their investment in Empire Energy Inc. Our new company, Romulus Exploration, has had a successful summer and is set to be another winner for the Fund."

Les Guzowski, President & CEO, Romulus Exploration Inc.

"The investment climate within Saskatchewan could be characterized as "conservative to pessimistic" at best. The investment made by Golden Opportunities Fund has encouraged our company that venture capital financing is plausible today. Investment into small companies like Prairie Plant Systems is critical to realize new opportunities presented by the combination of advancing technologies and new markets."

Brent H. Zettl, President & CEO, Prairie Plant Systems Inc.

MEETING OUR GOALS

- To ensure proper capitalization of Saskatchewan's First Provincial Labour Fund.
- To maintain a timely investment pace into strategic Saskatchewan companies.
- To maintain a diversified investment portfolio for risk management.

- To create and sustain job opportunities at home.
- To become a key economic influence in moving Saskatchewan forward.

- To operate in a professional and ethical manner with integrity and honesty.

It has been about investing at home and making a difference, and Golden Opportunities Fund is making a difference."
